

## Let's Fly a Kite

Sora has a new kite. The kite is red. It is a  
good kite to fly. 16

The wind is just right. Sora holds the kite. He  
lets the kite string out a little at a time. The kite  
rises up in the wind bit by bit. 45

Sora runs, and the kite sails in the air. It sails  
like a bird. The wind blows and makes it sail. 66

The kite has a long tail. 72

We all like to watch kites fly in the wind. 82
